

# Employee Leave Guidelines

## 1. Annual Leave (PTO)

All full-time employees are entitled to 20 days of paid annual leave per calendar year. Leave must be requested at least two weeks in advance via the HR portal. Approval is subject to manager discretion based on team coverage and project deadlines.

Unused leave can be rolled over to the next year up to a maximum of 5 days. Any rollover days must be used by the end of Q1 (March 31st) of the following year, or they will be forfeited. We strongly encourage employees to take their full allotted time off to prevent burnout and maintain a healthy work-life balance.

Part-time employees accrue PTO on a pro-rated basis depending on their weekly hours. For example, an employee working 20 hours a week will accrue 10 days of PTO annually. Contractors and temporary workers are not eligible for paid time off under this policy.

## 2. Sick Leave

Employees receive 10 days of paid sick leave annually. If you are unable to work due to illness, please notify your manager as soon as possible, ideally before your shift begins. Sick leave can be used for personal illness, medical appointments, or to care for an immediate family member who is ill.

For absences exceeding 3 consecutive days, a doctor's note or medical certificate must be provided to HR upon your return. This documentation is required to verify the illness and ensure that you are fit to return to your duties. If you exhaust your paid sick leave, any further absences will be unpaid.

During flu season, the company offers complimentary vaccination clinics onsite. Participation is voluntary but highly recommended to maintain a healthy workforce. Employees who are feeling unwell are strictly advised to stay home to prevent the spread of infectious diseases in the office.

### 3. Parental and Family Leave

We support our employees' family needs. Eligible employees may take up to 12 weeks of paid parental leave for the birth or adoption of a child. To be eligible, you must have been employed with the company for at least 12 consecutive months prior to the leave start date.

Parental leave can be taken consecutively or intermittently within the first year of the child's arrival, provided a schedule is agreed upon with your manager. During parental leave, your healthcare benefits will remain active, and you will continue to accrue PTO and sick leave as normal.

Additional unpaid leave may be granted under the Family and Medical Leave Act (FMLA) for up to 12 weeks. This can be used for serious health conditions or to care for a family member with a serious health condition. Please schedule a consultation with the HR Benefits Coordinator at least 30 days in advance to discuss your specific situation and plan your leave.
